Publisher New York Journal: Dear Sir: We notice that you are printing testimonials from advertisers every day, and we desire to add our tribute to what has already been said about the effectiveness of Journal "Wants."

When approached for our advertising some time ago we were very much opposed to using your columns, fearing it would be unprofitable and a waste of our time, as well as money. The result of a trial advertisement for a month convinced us we were wrong and never gave the Journal the consideration it deserved. We are now in your paper every day, and expect to stay there forever. The advertising pays us handsomely-it is money well invested; and it is only fair that other advertisers should know this and profit by our experience. Respectfully,

What Advertisers Think of Journal "Wants."
